

# The department of Foreign and Russian Languages

The poem: “The Agriculture University Area”

The author: Ulanova O.B.

17.02.2024 Moscow, Russia

Are you parting  
school this year?

Where are you going to study?

Where??????

LOMONOSOV MOSCOW STATE UNIVERSITY

**Our university is greeting you  
today!**

Life is serious,  
It`s not a play!

Our university is a friendly,  
community,  
We know that it presents the unity  
Of the most important professions  
for our life.....

**Agronomist**

**Veterinary  
doctor**

**Zoo-engineer**

**Agro-engineer**

**Agrochemist**

.....that helps our planet to survive!

If you choose agronomy,  
You will study crops.....

You can eat their **roots**,

You can eat their **tops**...

**Carrots**

**Radishes**

**Beetroots**

**Green onions**

**Dill**

**Parsley**

Crops provide.....

.....both food

And feeds

**But we should be able to  
combat the weeds!**

You can study animal husbandry here.....

And its specialists know  
how to rear.....

**1. Cows**

**2. Poultry**

**3.Horses**

**4.....and Sheep**

shutterstock.com · 622109189

How to feed them,

# Where to keep

**Cowshed**

**Poultry-house**

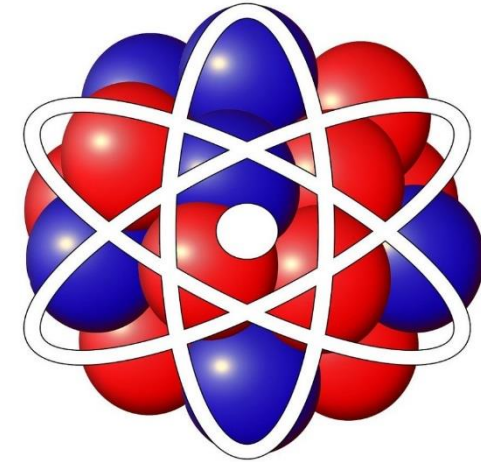

**Stable**

**Sheep-pen**

Biology is also of great use

Slide 6

This area gives you the chance to choose between studying:

**2.Domestic dogs;**

Or

**1.Wild animals**

To understand the difference  
between:

2. Frogs

And

1. Toads

**Provided you learn ecology,  
You will be able to save the  
environment.....**

..... From  
technology....

**That pollutes it to great extent,  
And that is not our planet's  
friend!**

Being a mechanics,  
You will study:

Slide 8

**1. Machines**

**2. Devices**

**3. Vehicles**

Having engines

If you have interest,

Slide 9

Without fear,  
choose, please, your favorite.....

**1.Life path**

**2.Career**

Your fellow-students will make  
up a team.....

**To create .....**

**2.....from your wonderful dream.**

**1.The aim in life.....**

Food technology is also an  
Interesting theme:  
Its specialists make.....

1. From milk.....

2. Cheese

3. Cream

**It is necessary to study  
hard....**

.....and take a very active part  
At work that must all students  
do.....

To be:

1. A professional

2. And a scientist too!!!

And dear friends, finishing school ,.....

You know English as a tool!

??????

???

This is the language I'll  
teach.....

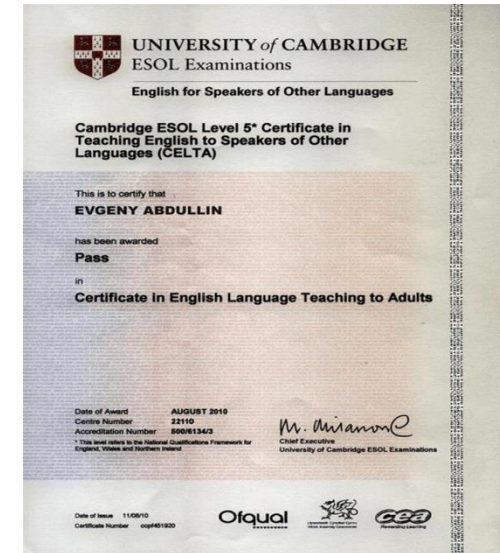

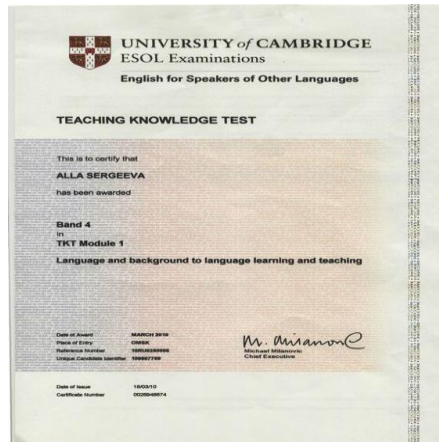

We know English as a bridge....

.....that spready between the countries  
of the Globe.....

.....and make you  
competent, we hope!!!!

Thank you for having been our Agriculture  
University area guests!!!!!!
